

## Guardian Angels should be everywhere

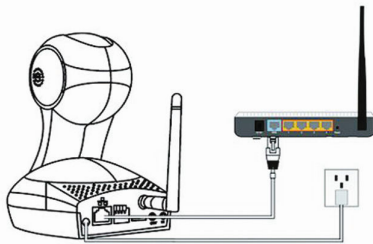

With the Cloud IP camera, you can now keep an eye on your loves from everywhere and all the time. It can be placed anywhere in the house and shops and sends the images captured via WLAN directly to the iPhone, Android smartphones, as well as the tablet and PC.

## Easy to use

Plug & play. 3 steps to access.

- 1 Connect with power and internet.

- 2 Download 'MIPC'

- 3 Scan QR code to login

## Cloud Platform

Every Cloud Server is an important cloud node in the whole Cloud Platform. The Cloud system ensures each Cloud IP Camera works perfectly at any time and any where.
